SAFETY

Life jackets and safety equipment are easily found onboard your GoBoat. All children under the age of 12 will be required to wear a lifejacket provided by the GoBoat crew.

Keep to the right, Give way to the right and turn to the right of other vessel that are approaching you.

Keep your distance. It is your responsibility to keep a safe distance from all other watercraft, including ferries and recreational boats. Keep a minimum of 60m distance between you and other craft.

Beware of shallow waters! If you can see the bottom, it's too shallow. Keep distance between your vessel and the shoreline. Remember you are liable for any repairs.

Only pull up at approved jetties. There are strict rules around your safety. See the map for approved jetties. Call the GoBoat crew for any help or directions.

Use common sense when operating the boat. If you have any questions please call us at anytime. Even from out on the river.

SAFE AND HAPPY SAILING

Warm regards, the GoBoat crew

DENMARK • SWEDEN • GERMANY • UNITED KINGDOM • AUSTRALIA

BRISBANE • CANBERRA • MELBOURNE • SYDNEY

SAILING

GoBoats are easy to sail. They are very stable and have a top speed of less then 8km/hm which is a fast walk. That's why anyone can steer and skipper the boat, and it's why you don't need a boat licence. All boats are equipped with electric motors and batteries which means no smells or pollution.

The electric motors ensure quiet and reliable sailing for the duration of your journey and make steering and skippering the boat just as easy. To steer the boat, hold the tiller handle - attached to the motor. Gripping the handle, you can turn the handle forward (acceleration) and reverse. The more you turn the handle, the faster you will sail. To manoeuvre the boat, pull or push the tiller handle in the opposite direction to where you would like to go. If you point the handle towards the left, the boat will begin to turn to the right, and vice versa.

GUIDE

Our GoBoat crew live and breathe the water, so feel free to ask them for advice about routes, attractions, dining options or anything else you need to know. If you want to experience something in particular, please tell us and we'll help you with suggestions.
