AUSTRALIA

2025 TRADE INFORMATION PACK

The GoBoat Experience

About our product

GoBoat offers eco-friendly electric picnic boat hire in 5 locations across the east coast of Australia. Customers drive the boat themselves, with no boat licence or experience needed.

When customers arrive, they are greeted by our friendly staff for check in. They will need to provide photo ID and a credit card for a security bond, just like when hiring a car or checking in to a hotel.

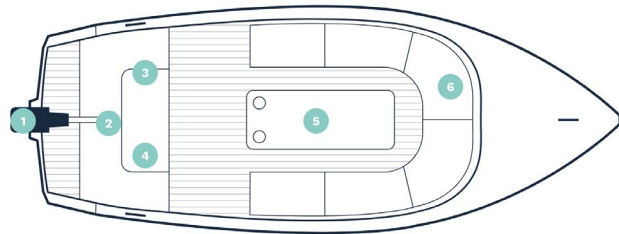

Once they have checked in, our staff will demonstrate how to drive the boat, and provide a map with instructions on where the customers can go. They will be able to answer any questions and provide suggestions on what to see and do in the area.

When the customers are comfortable, they will set out on their journey. Our staff have a fast support boat available at all times to assist, should the customer feel uncertain or encounter any difficulties.

On return, our staff will assist with docking the boat and helping the customers back onto the dock. Provided the boat is undamaged, the security bond will be released immediately.

About our boats

All GoBoats have the same easy-to-operate, safe and stable design, perfect for first-time boaters. Each of our boats are designed in Europe, and made locally in Brisbane, Queensland.
